Dear Mrs Costin

**Arndell Park Clinical Waste Management Facility (SSD-6761)
Odour Audit**

Reference is made to the revised Odour Audit Report (**report**) for the Arndell Park Clinical Waste Management Facility, prepared as required by Schedule 2, Part B, Condition B6 of SSD 6761, as modified (the **consent**) and submitted to the Department of Planning and Environment (the **department**) on 28 April 2022.

The department considers the revised report to generally satisfy the reporting requirements of the consent. Accordingly, as nominee of the Planning Secretary I approve the revised report. Please note that acceptance of this report is not an endorsement of the compliance status of the project.

Non-compliances identified in the report against Condition B6 and Condition C15 have been assessed in accordance with the department's Compliance Policy with the department on this occasion, determining to record the breaches with no further enforcement action. However, please note that recording the breach does not preclude the department from taking alternative enforcement action, should it become apparent that an alternative response is more appropriate.

Please include a status update for all actions provided in the Response to Audit Recommendations in the next Independent Audit (Condition C12), until all actions are completed.

Should you wish to discuss the matter further, please contact Maria Divis, Senior Compliance Officer on 02 8275 1156 or compliance@planning.nsw.gov.au.

Yours sincerely
